# Simple Moves Quickstart

Universal Installation:

1. Download the SimpleMoves-vx.x.x zip file and extract the contents.
2. Open Cinema4D and click "edit" and then "preferences" this location is the same on macos and windows.

3. Then click "open preferences folder"

4. Place the unzipped folder folder in library > scripts

5. Next, restart Cinema4D and you should be good to go! From there please check out the [quickstart tutorial video](#) to learn the basics and get inspired. Have fun!
